## 1. What should I wear for my session?

Your outfit should reflect you—whether it’s your personal style or professional brand. Neutral tones and classic styles work well, keeping the focus on your expression. Simple patterns are great, but avoid anything too busy. Bringing a few outfit options is always a good idea to add variety to your portraits!

## 2. I’ve never had professional photos taken. How will I know how to pose?

That’s exactly what I’m here for! I’ll guide you every step of the way—helping with posture, angles, and expressions—to make sure you look natural, confident, and like your best self. You don’t need any experience; I’ll take care of the details!

## 3. What if I feel nervous about being photographed?

You’re not alone—most people feel that way at first! But I promise, my sessions are designed to be relaxed and enjoyable. I’ll create a comfortable atmosphere, so within minutes, you’ll feel at ease and forget the camera is even there.

## 4. Can we include my workspace or specific branding elements in the photos?

Absolutely! If your workspace, tools, or branding elements are part of your story, we’ll find the best way to incorporate them seamlessly into your shoot. Let’s make the images truly reflect your brand!

## 5. What locations are available for photoshoots?

I’m based in Dundee, and we can shoot at your business premises, outdoors, or another location that suits your brand. If you need suggestions, I’m happy to recommend some great spots!

## 6. Do you provide hair and makeup services?

I don’t offer hair and makeup services directly, but I highly recommend hiring a professional for your session. It can make a big difference in how you feel and look on camera! All can be discussed at the planning stage.

## 7. What if I need to reschedule my session?

Life happens, and I totally understand! If you need to reschedule, just let me know as soon as possible, and I’ll do my best to find a new date that works for you. Availability may vary, but I’ll always try to accommodate.
